

**TENNESSEE GENERAL ASSEMBLY  
FISCAL REVIEW COMMITTEE**

**FISCAL NOTE**

**HB 943 - SB 1115**

February 25, 2009

**SUMMARY OF BILL:** Authorizes any licensee, or state identification card holder, to have the words DO NOT SERVE ALCOHOL printed prominently on their driver's license or state identification card upon request. Authorizes any state employee who carries a state employee identification badge to have the words DO NOT SERVE ALCOHOL printed prominently on their employee identification badge upon request.

**ESTIMATED FISCAL IMPACT:**

**Increase State Expenditures – Exceeds \$174,800/One-Time**

Assumptions:

- No person, including a permit holder licensed to sell alcoholic beverages, shall be liable for serving or selling alcoholic beverages to individuals having the words DO NOT SERVE ALCOHOL printed on their driver's license, state identification card, or state employee identification badge.
- The Department of Safety (DOS) indicates that 20 departmental programs affecting the issuance of driver's licenses and state identification cards would need programming changes made by a state vendor. This one-time increase to DOS expenditures for computer and software modifications is estimated to be \$74,800.
- There would be additional one-time state expenditures for computer and software modifications made to other departmental and agency systems for allowing changes to state employee identification badges. This one-time increase to state expenditures is unknown and difficult to estimate due to the extent of unknown factors such as the number of systems state-wide that would require modifications and the extent of such programming changes. However, the one-time increase to state expenditures is reasonably estimated to exceed \$100,000.
